

Heavy Rainfall Possible Today-Thursday

September 29, 2026
5:05 AM

Key Messages

- Off and on showers and storms are expected to begin this afternoon and continue through Thursday. Some of the activity could contain high rainfall rates at times leading to heavy rainfall and possible minor flooding. A Flood Watch is in effect for some of the region.

3 SIMPLE STEPS FOR FLASH FLOOD SAFETY

During a flood, water levels and the rate the water is flowing can quickly change. Remain aware and monitor local radio and television.

weather.gov/flood

- 1 GET TO HIGHER GROUND**
Get out of the areas subject to Flooding
- 2 DO NOT DRIVE INTO WATER**
Do NOT drive or walk into flooded areas. It only takes 6" of water to knock you off your feet.
- 3 STAY INFORMED**
Monitor local radar, television, weather radio, internet or social media for updates.
